STUDENT PERFORMANCE

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in learning what the state content standards require. The CST include English/language arts and mathematics in grades six through eight; science in grade eight; and history/social science in grade eight. Student scores are reported as performance levels.

CST Results for All Students: Three-Year Comparison

The percentage of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most current three-year period.

ACCOUNTABILITY

California Academic Performance Index (API)

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1000, with a statewide target of 800. Detailed information about the API can be found on the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks: Three-Year Comparison

The state assigns statewide and similar-schools API ranks for all schools. The API ranks range from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all elementary schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all elementary schools in the state. The similar-schools API rank reflects how a school compares to 100 statistically matched schools with similar teachers and students.

API RANK	2003–2004	2004–2005	2005–2006
Statewide rank	N/A	N/A	9
Similar-schools rank	N/A	N/A	6

SOURCE: The API Base Report from December 2006.

API Changes by Student Group: Three-Year Comparison

API changes for all students and student groups: the actual API changes in points added or lost for the past three years and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

STUDENT GROUP	ACTUAL API CHANGE			API SCORE
	2003–2004	2004–2005	2005–2006	2005–2006
All students at the school	N/A	N/A	+10	840

Federal Adequate Yearly Progress (AYP) and Intervention Programs

The federal law known as No Child Left Behind requires that all schools and districts meet all three of the following criteria in order to attain Adequate Yearly Progress (AYP): (a) a 95-percent participation rate on the state's tests; (b) 22.3 percent of students scoring Proficient or higher on the English/language arts test and 20.9 percent in mathematics; and (c) an API of at least 590.

AYP for the District

Whether the district met the federal requirement for AYP overall, and whether the school and the district met each of the AYP criteria.

AYP CRITERIA	DISTRICT
Overall	Yes
Graduation rate	Yes
Participation rate in English/language arts	Yes
Participation rate in mathematics	Yes
Percent Proficient in English/language arts	Yes
Percent Proficient in mathematics	Yes
API	Yes

Intervention Program: District Program Improvement (PI)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

INDICATOR	DISTRICT
PI stage	Not in PI
The year the district entered PI	N/A
Number of schools currently in PI	0
Percentage of schools currently in PI	0%
